Card Slot Connectors

Trace Current Capacity

- **GND_Case**: 24A (per slot)
- **3.3V+**: 16A (per slot)
- **24V+**: 8A (per slot)
- **24V+ DCM**: 11A
- **450V+**: 0.010A

NOTE: R1 on sheet 1 uses a 3W resistor footprint, at one time for Vishay PR03000201002JAC00, but is now a jumper. It can either be the 0 ohm resistor in the BOM or a simple wire.
