TRADE CUSTOMS

- 1 The prices shown on the following pages refer to all parts as detailed in our General Engineering Catalog.
- 2 When materials are ordered without the finish being specified, it will be understood that standard finish is desired.
- 3 Prices of "P" number parts do not include any bolts or UNISTRUT nuts, except where specifically called for on the detail of the "P" number parts or in the case of all pipe clamps where the screw and nut are shown and not specifically exempted.
- 4 Part numbers having a suffix of "S" indicate that a 1 1/2" or 2" set screw has been included in the price.
- 5 Prices will be quoted on all special factory fabricated material or apparatus on application.
- 6 All prices are subject to change without notice.

UNISTRUT CORPORATION, Manufacturers of METAL FRAMING AND ACCESSORIES, TELESCOPING TUBING, SOLID AND PERFORATED TELESTRUT® TELESCOPIC STRUT, TUBING SIGN SUPPORT SYSTEM.

Marketing throughout the world by Unistrut:

Tel: (800) 521-7730 • www.unistrut.com

Products of UNISTRUT are manufactured under one or more of the following United States patents:

Suggested Price Schedule July 1, 2002

GENERAL SPECIFICATIONS

FRAMING MEMBERS - UNISTRUT channels and continuous inserts are accurately and carefully cold formed to size from low carbon strip steel. One side of the channel has a continuous slot with inturned lips. Secure attachments may be made to the framing member with the use of hardened, toothed, slotted nuts which engage the inturned lips.

Steel material shall conform to the following ASTM specifications:

GAUGE	FINISH	ASTM NO.
12	GR&HG	A1011 SS GR 33
	PG	A446 GR A
14	GR&HG	A1011 SS GR 33
	PG	A446 GR A
16	GR&HG	A1011 SS GR 33
	PG	A446 GR A
19	GR	A366

FITTINGS - The UNISTRUT fittings, unless noted otherwise, are punch press made from hot rolled, pickled and oiled steel plates or strip and conform to ASTM specification A575 and A576. The fitting steel also meets the physical requirements of A570 GR 33. The pickling of the steel

produces a smooth surface free from scale.

NUTS AND SCREWS - The UNISTRUT nuts are made from steel bars and after all machining operations are completed, they are thoroughly case hardened. They are rectangular with the ends so shaped as to permit a quarter turn crosswise in the framing member after inserting through the slotted opening in the channel and prevent any further turning of the nut. Two toothed grooves in the top of the nut engage the inturned lips of the channel and, after bolting operations are completed, will prevent any longitudinal movement of the bolt and nut within the framing member. All bolts and nuts have Unified and American coarse screw threads. The standard framing nut is 1/2" and conforms to ASTM Specification A576 GR 1015 (material only). Screws conform to SAE J429 GR 2 (also meets and exceeds ASTM A307).

FINISHES

PERMA-GREEN (GR)—Channel and parts are carefully cleaned and phosphated. Immediately after phosphating, a uniform coat of a highly effective rust inhibiting acrylic enamel paint is applied by electro-deposition and thoroughly baked. Color is PERMA-GREEN per Federal Standard 595a color number 14109 (dark limit V-). The resulting finish will withstand 400 hours salt spray when tested in accordance with ASTM designation B-117.

ELECTRO-GALVANIZED (EG)—Parts, screws and nuts are coated with zinc electrolytically to commercial standards. (ASTM-B633 Type III SC1).

PLAIN (PL)—Plain finish on the UNISTRUT channel has the oiled surface just as the channel comes from the rolling mill, and the fittings have an oiled surface from the original oiled surface of the bar stock material.

PRE-GALVANIZED CHANNEL (PG)—Material (steel strip) is coated with zinc by hot-dipped process prior to roll forming or press operations. The zinc weight coating is G90 conforming to ASTM Specification ASTM-A653.

HOT-DIPPED GALVANIZED (HG)—Material is coated with zinc after being roll formed or after all manufacturing operations are completed, conforming to ASTM Specification No. A-123 or A-153.

SPECIAL COATING—When specific applications require other commercially available finishes they can be supplied per specification.

WEIGHTS AND DIMENSIONS

Weights given for all materials are approximate shipping weights. All dimensions subject to commercial tolerance variations.

A STATEMENT OF QUALITY

UNISTRUT'S growth and leadership in the metal framing industry has been a direct result of developing and maintaining high standards of product control in manufacturing, finishing and installation. The design criteria and testing is based on industry codes and standards.

UNISTRUT'S Quality Assurance Program has been audited and approved by members of the power generating industry.

WE RESERVE THE RIGHT TO MAKE SPECIFICATION CHANGES WITHOUT NOTICE IN THE INTEREST OF IMPROVING OUR PRODUCT.

Section 11 STANDARD CONDITIONS FOR SALE OF GOODS AND/OR SERVICES

1. ACCEPTANCE, MODIFICATIONS AND CANCELLATIONS:

Representatives of Unistrut Corporation ("Unistrut" or "Seller") are not authorized to make offers to sell products or services. (Hereinafter the word Products is deemed to include services where applicable and both or either are referred to as Products.) Written quotations, which are invitations for the purchaser to submit an offer per the quotation,

are the basis of all such offers. Such solicited offers are subject to acceptance or rejection by Unistrut as set forth below. Written quotations automatically expire sixty (60) calendar days from the date issued unless otherwise stated thereon or unless sooner terminated by notice. Prices stated in a written quotation are subjected to the pricing terms specified below. All clerical errors are subject to correction.

Orders for Products shall not be binding on Unistrut, if in excess of \$10,000, until signed by the President or a Vice President or accepted by acknowledgment or shipment. Any such orders or contract shall be subject to these standard conditions of sale and acceptance shall be contingent on assent to these conditions, which assent shall be deemed given unless purchaser shall expressly notify Unistrut to the contrary within five (5) days after receipt of acknowledgment or signed contract and Unistrut shall expressly agree thereto in writing. Failure of Unistrut to object to provisions contained in any purchase order or installation contract or other communication from the purchaser (including, without limitation, penalty clauses of any kind) shall not be construed as a waiver of these conditions nor any acceptance of any such provisions. In the event of conflict (a) between the terms of any order or contract of purchaser and Unistrut's conditions of sale, the latter shall govern, and (b) in the event of a conflict between Unistrut Quotation or Service Center Agreement and these terms and conditions, the former shall govern.

Unistrut reserves the right to ship only in minimum quantities and standard packaging and to increase ordered quantities to such minimums. No order or contract may be cancelled or terminated except upon payment of any loss, damage and expense incurred by Unistrut arising from such cancellation or termination, including a fifteen (15) percent restocking charge, plus freight if Unistrut in its sole discretion, elects to accept any cancellation.

- 2. DELIVERY:** On Material Supply sales, delivery to a carrier at the Unistrut Plant or other shipping point shall constitute delivery to purchaser; and, regardless of freight payment, title and all risk of loss or damage in transit shall pass to the purchaser upon delivery to the carrier.

All claims for loss and damage in transit must be made by purchaser to the carrier. Claims for shortage or other errors must be made in writing to Unistrut within ten (10) days after receipt of shipment, and failure to give such notice shall constitute unqualified acceptance and a waiver of all such claims by purchaser against Unistrut.

Unistrut reserves the right to determine shipment methods and routings if not specified by Purchaser. All transportation charges will be added to the invoice.

Unistrut shall not be liable for any damage as a result of any delay due to any cause beyond its reasonable control including, without limitation, an act of God; an act of Purchaser; embargo or other governmental act; regulation or request; fire; accident; strike; slowdown; wars; riots; delay in transportation. When required, Unistrut will supply shop drawings in a timely manner to meet construction and contract schedules. Unistrut cannot, however, be responsible for delays in approvals.

IN EVENT OF DELAY BY UNISTRUT FOR ANY CAUSE BEYOND ITS REASONABLE CONTROL, INCLUDING DRAWINGS APPROVAL DELAY ON THE PART OF THE CONTRACTOR, OWNER OR ARCHITECT, THE OWNER OR THE OWNER'S REPRESENTATIVE, THE DATE OF DELIVERY SHALL BE EXTENDED, AS WILL THE COMPLETION DATE OF THE WORK, FOR A PERIOD EQUAL TO THE TIME LOST BY REASON OF THE DELAY.

Except as expressly otherwise provided herein where installation or construction services are to be provided by Unistrut, the latest

effective AIA General Conditions for a contract for construction will be deemed incorporated herein.

- 3. PRICES AND PAYMENT:** Unless otherwise stated, prices are F.O.B. shipping point.

Unistrut reserves the right at any time to demand full or partial payment before proceeding with any order on any order already shipped or contract of sale if, in its judgment, the financial condition of Purchaser does not justify the terms of payment specified. If delivery is delayed or deferred by Purchaser beyond Unistrut's scheduled shipment date, payment shall be due in full when Unistrut is prepared to ship, and the product so delayed or deferred by purchaser may be stored by Unistrut at the risk and expense of the purchaser. If purchaser defaults when payment is due, then the whole contract price shall become due and payable on demand, or Unistrut, at its option, without prejudice to other lawful remedies, may defer delivery or cancel the contract. In addition to other remedies, Unistrut shall be entitled to recover costs and expenses incurred by Unistrut in connection with any breach by Purchaser, including any reasonable collection costs and attorney's fees. When contract performance will run more than one calendar month, PROGRESS PAYMENTS will be required and FINAL PAYMENT (including any monies retained during the performance of the contract) will be made promptly after inspection and acceptance of the Unistrut portion of the work under the contract. Any amount not timely paid by Purchaser shall bear interest at the maximum rate permitted by law, not to exceed 1 1/2% per month.

- 4. TAXES AND OTHER CHARGES:** All taxes, Federal, State, Provincial, Municipal, Local or otherwise, shall be paid by purchaser. In the event: Unistrut shall be required to pay any such tax, fee or charge, purchaser shall reimburse Unistrut therefore; or in lieu of such payment; purchaser shall provide Unistrut at the time the order is submitted an exemption certificate or other document acceptable to the authority imposing the tax, fee or charge. Purchase orders must state the existence and amount of any such tax, fee or charge which it shall be Unistrut's responsibility to collect from purchaser and pay.

- 5. WARRANTY:** Unistrut warrants for a period of one (1) year from the date of shipment for material sales and one (1) year from the date of completion of installed work that any product sold to Purchaser hereunder will be free from defects in material or workmanship at the time of delivery to the carrier. Unistrut's sole responsibility in the event of any such defect in material or workmanship in violation of the warranty shall be at Unistrut's option to repair or replace any such defective product.

THE AFORESAID WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, AND UNISTRUT EXPRESSLY

DISCLAIMS ANY OTHER WARRANTY INCLUDING MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. NO AGENT, EMPLOYEE OR REPRESENTATIVE OF UNISTRUT IS AUTHORIZED TO ALTER THESE TERMS AND CONDITIONS NOR TO VARY OR SUPPLEMENT THEM IN ANY WAY.

- 6. REMEDIES OF PURCHASER ARE EXCLUSIVE:** The remedies of the purchaser set forth herein are exclusive and the liability of Unistrut with respect to any contract or anything done in connection therewith such as the performance, nonperformance or breach thereof, or from the manufacture, sale, delivery, resale or use of any product covered by or furnished under the contract, whether in contract, in tort (including negligence and strict liability) or otherwise, shall not exceed the price of the equipment, services or part thereof on which such liability is based.

- 7. LIMITATION OF LIABILITY:** UNISTRUT WILL NOT BE LIABLE FOR

ANY DIRECT, INDIRECT, CONSEQUENTIAL, SPECIAL, CONTINGENT OR INCIDENTAL DAMAGES WHATSOEVER, INCLUDING WITHOUT LIMITATION, PENALTIES SUFFERED BY PURCHASER AS THE RESULT OF ANY BREACH OF CONTRACT, BREACH OF WARRANTY OR TORTIOUS ACT COMMITTED IN CONNECTION WITH ITS SUPPLYING, OR FAILURE TO SUPPLY, EQUIPMENT PURSUANT TO ANY ORDER OR OTHER CONTRACT OR FOR ANY LABOR COSTS INCURRED AS A RESULT THEREOF OTHER THAN AS LISTED IN PARAGRAPH 5 AND 6 ABOVE. IN ARRIVING AT THE PRICES QUOTED TO OR CHARGED TO PURCHASER, UNISTRUT HAS RELIED UPON THE APPLICABILITY OF THE TERMS, AND CONDITIONS HEREIN, INCLUDING THE LIMITATIONS SET FORTH IN THIS PARAGRAPH AND PARAGRAPHS 5 AND 6 ABOVE.

8. CHANGES, SHOP DRAWINGS, FABRICATION: Any changes as to: (i) specifications, (ii) drawings, and/or (iii) quantities ordered by purchaser are subject to acceptance by Unistrut. If any change causes an increase or decrease in the cost or the time required for performance, an equitable adjustment shall be made in the contract price or delivery schedule, or both. Pending agreement between the parties to any equitable adjustment, Unistrut shall not be obligated to proceed with an accepted change and the date of delivery shall be extended accordingly.

Preparation of shop drawings will commence upon receipt by Unistrut of contract or purchase order and a complete set of project bid documents.

Unistrut will not be obligated to commence fabrication, until the receipt of a copy of the approved shop drawings, finish selection, and shipping instructions, unless directed by an acceptable waiver of approval form.

9. PURCHASER'S COMPLIANCE WITH LAWS: Unistrut does not assume any liability for the purchaser's compliance with or adherence to any federal, state or local laws or regulations.

10. GOVERNING LAW: All contracts for the sale of Products shall be governed and construed according to the laws of the State of Michigan except where installed, and then the state in which the materials are to be installed by Unistrut Corporation.

Any disputes arising out of or in connection with the sale of Products shall be submitted to Arbitration under the Commercial Arbitration rules of the American Arbitration Association if the dispute arises in the United States, or under International Chamber of Commerce rules or the United Nations Treaty on Commercial Arbitration, at Unistrut's option, if it does not. Purchaser agrees to submit to such arbitration to be bound by it and agrees that any award may be entered as a judgment and enforced as such. Purchaser agrees that arbitration hereunder will take place (1) at the city from which this purchase order was placed, (2) Wayne, Michigan U.S.A., (3) London, England, (4) Sydney, Australia, or (5) the place at which Products were supposed to be utilized. Regardless of the place of arbitration, all proceedings, writings, and evidence shall be in the English language. The Purchaser agrees to allow Unistrut the option of choosing the place of arbitration so long as the site is proximate to Unistrut's witnesses, documents and is the location from which Unistrut managed or would have managed the sale of Products described herein or in Purchaser's order.

Arbitration issues shall include all questions as to whether the right to arbitrate any questions exists. Arbitration may proceed in the absence of any party if written notice (pursuant to the applicable rules and regulations) of the proceedings has been given to such party.

Unless the applicable Arbitration rules permit more or broader pre-hearing discovery, the parties to any dispute hereunder shall have the right to engage in limited pre-hearing discovery as follows: each

party to the dispute shall be entitled to one (1) request for document production and shall be entitled to take the deposition, under oath, of one witness from each other party. The discovery shall proceed pursuant to the provisions of the United States Code of Civil Procedure governing discovery in civil litigation and all conditions and objections allowed under the said rules shall be allowed with respect to such discovery. The arbitrators shall rule upon motions to compel or limit discovery and shall have the authority to impose sanctions, including attorney's fees and costs, to the same extent as a court of law or equity should the arbitrators determine that discovery was sought without substantial justification or that discovery was refused or objected to without substantial justification.

Notwithstanding any provisions in the Contract Documents, neither party shall have any right to compel the other to arbitrate any dispute involving a claim for money or any other dispute, unless all parties necessary to the complete determination of all rights and liabilities, including claims over against third parties, may be compelled or agrees to join in and be bound by the arbitration proceedings.

11. NOTICE OF LIEN: Unistrut hereby notifies the Purchaser that it intends to utilize all available lien rights it may have in connection with the sale of Products hereunder.

12. SALE CONVEYS NO LICENSE: The sale of Products hereunder creates no right or license in the Purchaser to use the name, Trademarks, Copyrights, Patents, know how or any other right of Unistrut other than the Products provided hereunder.
